Ornamental Ironwork for Home & Garden

Garden Forge

Betsy Cook and Jan Dishong each produce distinctive ornamental iron accessories for the garden and home. The imagery they express through their ironwork is born from the natural surroundings at their workshop in the rolling hills of Southeastern Ohio.

Jan's interest in a myriad of art forms over the years has now culminated in her combined skill of traditional blacksmithing and welding. Her love of nature is reflected in the cast iron oak leaves and acorns which often enhance her designs.

Betsy has studied with various blacksmiths and in recent years has perfected her own style. She adds a unique dimension to her ironwork by incorporating media such as glass and wood. Her trellises, embellished with glass globes are enchanting in any garden.

Garden Forge

Garden Forge spirit sticks enhance your garden with unique handcrafted shapes and colorful glass. The sparurethane helps protect the rusted finish.

Finial Spirit Stick

- Rust with sparurethane finish
- Cast iron finial
- 26" - 48" tall

Garden Forge

Tell Tale Tower

The **Tell Tale Tower** can be used to create a story.

Like a charm bracelet, the **Tell Tale Tower** can evoke memories, commemorate a trip, express passions or celebrate a special event.

Interchangeable tops for towers

Use the Tower to mark the address of your home while sharing some of your interests.

Towers come in 4' and 5' heights but can be custom ordered in other sizes. Some towers have tops unique to it while other tops are interchangeable.

It is as easy as

One: Select a tower and top.

Two: Choose tiles to tell your tale

Three: Slide the tiles in the tower and reattach the top

The **Tell Tale Tower** makes a unique gift. Select from handmade and custom ordered tiles to slide into your tower. As a group, each person can choose or order a tile to celebrate a birthday, honor a special event, toast a retirement or rejoice in a friendship. The receiver slides each tile into the tower creating a sculpture of memories for home or garden.
